

COMPANY PROFILE

Your Trusted Partner in Quality Assurance, Third Party Inspection & Non-Destructive Testing (NDT)

About Us

NDTECH Inspection Services (India) LLP, founded in 2024 by Mr. Abhishek Oza, builds on the strong legacy serving quality and known for its proficiency, accountability, and professionalism. Over the years, Om Engineering has successfully delivered numerous complex engineering projects.

Our Founder Mr. Abhishek Oza is well experienced in the Field of Third-Party Inspection Services having 11+ Years of experience in Mechanical field. He works with renowned Organization Like ADNOC, BMC, L&T (WOOD), Irrigation Department, etc.

With this foundation, NDTECH Inspection Services (India) LLP aims to offer innovative, reliable, and high-quality engineering consultancy service in an organized manner, to ensure a smooth transition of ongoing activities and responsibilities to their new individual firms.

NDTECH INSPECTION SERVICES (INDIA) LLP is an independent inspection and Non-Destructive Testing (NDT) service provider committed to delivering reliable, accurate, and cost-effective quality assurance solutions across diverse industries.

With experienced inspection professionals and qualified NDT personnel, we provide comprehensive inspection services throughout the manufacturing lifecycle—from raw material inspection to final acceptance inspection. Our objective is to ensure that products comply with applicable international standards, project specifications, statutory requirements, and customer expectations.

We are dedicated to maintaining the highest standards of integrity, impartiality, technical competence, and customer satisfaction.

Our Vision

To become a trusted and preferred provider of Non-Destructive Testing and Third-Party Inspection services by delivering excellence in quality, safety, and technical integrity.

Our Mission

NDTECH Inspection Services (India) LLP, our guiding motto is: “WE CARE FOR THE FUTURE OF INDUSTRY.”

Dedication to work leads to true success Represents the core philosophy of our organization.

We believe that true success is rooted in unwavering dedication to one’s work. This principle forms the foundation of everything we do. With a strong commitment to honesty, precision, and forward-thinking engineering practices, we continuously strive to deliver sustainable, reliable, and high-quality solutions across every project we undertake.

This philosophy embodies our belief that excellence is not accidental, but achieved through:

- Sincere effort
- Discipline and accountability
- Continuous improvement
- Technical mastery
- Deliver reliable and impartial inspection services.
- Ensure compliance with international standards and customer specifications.
- Provide timely inspection reports and technical support.
- Enhance customer confidence through quality assurance.
- Promote continual improvement, safety, and professional excellence.

Our Company

NDTECH Inspection Services (India) LLP is a customer-focused, innovative, and independent, technical, quality & safety services organization, dedicated to providing future-proof solutions through technological excellence for the success of its customers with the highest level of integrity. We are always connected to you, our esteemed customer, anywhere, anytime.

Our Services

NDTECH Inspection Services (India) LLP is a truly global provider of technical inspection, verification, testing and conformity assessment for industrial markets. The core values of complete independence, transparency and integrity guide us in our mission to deliver unparalleled services at a uniform high-quality level to customers in India and around the world.

Our team of engineers ensures that the quality and performance of products and installations meet applicable requirements, whether these are regulatory, voluntary or client specific. The inspection engineers at NDTECH are technically competent to meet client expectations. Our engineers have hands-on experience in manufacturing, site construction, NDT and other domains. As a result, they are well aware of the engineering problems/ bottlenecks and can significantly contribute in achieving the desired quality in project procurement and construction.

Our services help the manufacturers to improve the integrity, quality, safety and efficiency of equipment through various types of inspections / services.

Our inspection services are widely sought after by organizations in a wide range of sectors like Petroleum, Oil, Gas, Petrochemical, Chemical, Fertilizer, Thermal Power, Nuclear Power, EPC Projects, Material Manufacturing, Equipment Manufacturing, Pharma, Renewables, Paper, Automobiles, Railways, Aerospace, Defense, IT, Health, Hospitality, Retail, Cement, Telecom, Data Centers, Infrastructure (Building, Railways , Bridges, Airport , Ports, Industrial Plants), Green Energy (Hydrogen, Ammonia, Ethanol, Methanol, Synthetic Fuels, Bio gas), Metal Refining Industry (Steel, Copper, Aluminum), Electric Vehicles(EV), (Charging Infrastructure , Battery Management System (BMS), Semiconductors etc.

Types of Services

NDTECH Inspection Services (India) LLP offers a combination of wide range of specialized solutions and traditional services, during all stages, from Design through Procurement, Construction, Commissioning and Operations.

- Third Party Inspection
- Supplier Assessment and development
- Expediting Services
- Engineering design examination/ appraisal/ review.
- Shop and site inspection: Mechanical (Static, Rotary, Piping and Structure) Electrical, Instrumentation and Civil
- International Sourcing inspection
- Shutdown Inspection (Pre and Post Shutdown Inspection)
- Witnessing performance tests: FAT (Factory Acceptance test)/ SAT (Site Acceptance test) / PGT (Performance Guarantee Test)
- Pre-shipment inspection
- Process Qualification (Welding, NDT, special processes)
- Personnel Qualification (Welding, NDT)
- Certification of materials and welding consumables
- Health assessment of the plant, residual life assessment (RLA).
- Periodic Inspection of lifting equipment
- Process piping inspection during plant turnaround
- Assessment of corrosion and erosion of the plant
- Tank inspection
- Warehouse Audit
- Project Quality Management/ Assurance
- Project safety management.
- Technical Compliance Review
- Safety studies (HAZOP, QRA, Dispersion analysis etc. Fire / Electrical / Site)
- 3.2 Certification Product Quality Inspection Services
- Conventional Power Plant Inspection
- Product Quality Inspection Services

Our Services – Quality Assurance / Inspections

NDTECH Inspection Services (India) LLP delivers end-to-end engineering, inspection, and consultancy services across civil, mechanical, electrical, and MEPF disciplines. We support infrastructure projects—including roads, bridges, buildings, drainage, and water systems—and provide specialized inspection and quality assurance for mechanical equipment, electrical installations, and integrated MEPF systems.

We provide vendor inspection, NDT services, and technical audits for the Oil & Gas and Petrochemical sector, along with QA/QC support for manufacturing and fabrication units. In Renewable Energy, we offer inspection and verification for solar plants and components. We also serve private industrial and commercial projects—warehouses, factories, buildings, and utilities—ensuring quality, safety, and compliance at every stage.

Our Services – Non-Destructive Testing (NDT), Third Party Inspection & Quality Control

NDTECH Inspection Services (India) LLP delivers dependable, high-quality consultancy and vendor inspection services. By ensuring strict control over materials, equipment, and services at every procurement and manufacturing stage, we support clients in achieving consistent excellence and world-class project results.

We integrate modern technology with values of integrity, discipline, and professionalism to deliver superior coordination, seamless follow-up, and robust technical support to our field teams.

Vendor / Shop Inspection Expertise: Our experienced inspectors operate across Petrochemical, Oil & Gas, Pharmaceutical, Mining, and Infrastructure sectors worldwide, ensuring precise, reliable, and timely inspections that meet every client's technical and quality requirement.

Third-Party Inspection Services

We provide independent inspection services during all stages of manufacturing.

Inspection Activities

- Raw Material Inspection
- Material Identification & Traceability
- Incoming Material Inspection
- Stage-wise Fabrication Inspection
- Fit-up Inspection

+91 7016898143

contact.ndech@gmail.com
gaurav.ndtech@gmail.com

- Welding Inspection
- Visual Inspection
- In-process Inspection
- Final Inspection
- Dimensional Inspection
- Painting & Coating Inspection
- Packing & Dispatch Inspection
- Vendor Inspection
- Expediting Services
- Documentation Review

Non-Destructive Testing (NDT)

We provide professional Non-Destructive Testing services to detect surface and internal discontinuities without damaging the material or component.

Our NDT Capabilities

- Visual Testing (VT)
- Liquid Penetrant Testing (PT/LPT)
- Magnetic Particle Testing (MT/MPT)
- Ultrasonic Testing (UT)
- Radiographic Testing (RT) Review and Interpretation
- Weld Inspection
- Thickness Measurement
- Surface Crack Detection
- Internal Defect Detection

Witness & Review Activities

- Heat Treatment Witness
- Positive Material Identification (PMI)
- Witness Mechanical Testing
- Witness Chemical Testing
- Witness Hydrostatic Test
- Witness Pneumatic Test
- Witness NDT
- Witness Review of Material Test Certificates (MTC)
- Review of Quality Records
- Inspection Report Preparation

Products We Inspect

- Pressure Vessels
- Heat Exchangers
- Storage Tanks
- Process Equipment
- Piping Systems
- Pipe Fittings
- Valves
- Flanges
- Castings
- Forgings
- Structural Steel
- Skid Packages
- Heavy Fabricated
- Equipment

Industries We Serve

- Oil & Gas
- Petrochemical
- Refineries
- Power Plants
- Steel Plants
- Heavy Engineering
- EPC Contractors
- Chemical Plants
- Fertilizer Plants
- Infrastructure Projects
- Renewable Energy
- Manufacturing Industries

Codes & Standards

Our inspection activities are performed in accordance with customer specifications and internationally recognized standards, including:

- ASME
- API
- AWS
- ASTM
- ISO
- BS EN

- MSS
- ANSI Project Specifications
- Approved Inspection & Test Plans (ITP)
- Approved Quality Assurance Plans (QAP)

Why Choose NDTECH Inspection Services (India) LLP?

- Experienced Inspection Professionals
- Qualified NDT Personnel
- Independent Third-Party Inspection
- Prompt Inspection Scheduling
- Accurate Technical Reporting
- Customer-Focused Approach
- Competitive Pricing
- Nationwide Service Support
- Commitment to Quality and Safety
- Timely Delivery of Inspection Reports

Quality Policy

NDTECH INSPECTION SERVICES (INDIA) LLP is committed to providing professional, impartial, and reliable inspection and Non-destructive Testing services that meet customer requirements, applicable codes, and international standards.

We continually improve our processes, enhance technical competence, and uphold the highest standards of integrity, safety, and customer satisfaction.

Our Commitment

We believe that quality is achieved through professional inspection, technical expertise, and uncompromising integrity. Every inspection we perform contributes to safer operations, improved product reliability, and enhanced customer confidence.

NDTECH INSPECTION SERVICES (INDIA) LLP is committed to being your trusted partner for quality assurance, Non-Destructive Testing, and Third-Party Inspection services.

Our Clients

- Irrigation Mechanical Division - Office of The Executive Engineer Irrigation Mechanical Dn – No – 7”
- Sabarmati Gas Limited

Personal Projects:

- ADNOC Project through various Inspection agencies.
- EPC – WOOD (L&T Hazira)
